Fertiliser for Life

BROADACRE FERTILISERS

Feed the soil to feed the plant

BENEFITS INCLUDE:

- Fast acting for quick plant uptake.
- Long lasting without leaching.
- Compatible with a wide range of soil and environmental conditions.

We work with growers throughout the life of the crop to provide exactly what the crop requires in each varying season while maximising the soil - plant - microbe symbiotic interaction to bring your broadacre production systems to life.

Our strategy is to provide base nutrition for strong crop establishment including a nutrient backbone to provide for the entire season. This base is complimented with balanced inputs, tailored to meet the prevailing seasonal conditions and crop yield potential.

Eco Growth cropping fertilisers contain combinations of NPK, Silicate Minerals, Trace Elements, Humates, Fish & Kelp, Chelates and Biology and are:

- Durable under extreme conditions
- Suitable for all soils
- Ideal for wide range of pH's, including High Aluminium conditions
- Granulated Rock Silicate Mineral base – High NPK
- Biologically-activated for enhanced plant uptake and strong root development
- Fast releasing – slow leaching. Long lasting delivery
- Australian made for Australian conditions including Sodic environments

ECO GROWTH CUSTOM BLENDS SPECIFIC FOR YOUR CROP AND SOIL

Eco Growth have the unique ability to produce bulk custom blends of biologically activated granular fertilisers specifically for your soil.

By conducting paddock-specific soil tests and providing current agronomic advice, a single custom blend can meet most crop nutrient requirements while saving you time and money. The majority of our base ingredients are sourced locally and custom blends are available in 25kg bags, 1 tonne bulka bags or bulk loads.

Eco Growth fertilisers address the increasing imbalances in both soil and plant by manufacturing a range of balanced fertilisers that have a solid base of NPK, silicate, calcium and trace elements enhanced with the addition of Eco Advance® premium biology.

Ordering your blend is as easy as 1, 2, 3

1

Our trained nutritional specialists discuss your crop needs & analyse your soil/ leaf test results

2

Our specialists design and price your custom blend

3

We manufacture and dispatch your custom blend fertiliser

Eco Growth is Australia's leading manufacturer of biologically activated fertilisers

COMMERCIAL STRENGTH LIQUID FERTILISERS Available from 1L through to 1000L IBC or bulk

Our chelated and complexed liquids are designed to penetrate the leaf quickly and effectively, but not deposit harmful chlorides or damaging salts, which can cause plant damage and encourage fungal and insect attack.
